Dear Tejas:

Congratulations on your admission to Northeastern University! We are pleased to offer you a Tentative Offer of Financial Assistance. All financial aid will be finalized after we have received and reviewed the information from your completed 2024-2025 Free Application for Federal Student Aid (FAFSA). The U.S. Department of Education is currently delayed in providing this information to colleges and universities. A revised offer of assistance will be provided only if there is a change in your eligibility. While need-based grants and federal awards are subject to revision, scholarships you have been offered based on merit are not subject to revision based on your FAFSA information.

As a student at Northeastern you will embark on an educational journey that will allow you to explore your interests and pursue your goals. While charting your own unique college path, the Office of Student Financial Services is available to support you and your family every step of the way. Our expert team will assist you in navigating the financial aid process, managing your student account, understanding available financing options, and more.

We recognize that financial aid provides a foundation for your success at Northeastern and are pleased to provide you the following financial aid offer. Please review it carefully. We also encourage you to visit our [website](#), which provides additional information regarding your financial aid and next steps.

As part of your financial aid offer, you have been offered the **Northeastern University Grant**. As outlined in our unique [Northeastern Promise](#), this grant is a multi-year commitment of gift aid to assist you in financing your Northeastern University education. Over the course of your undergraduate academic career, you can expect to continue to receive the grant provided you remain enrolled as a full-time student and make Satisfactory Academic Progress towards your degree.

Should you or your family have any questions regarding your financial aid offer or available financing and payment options, please do not hesitate to call us at 617.373.3190 between the hours of 8:30 a.m. and 5:00 p.m. Monday through Friday or [contact us](#) via our inquiry form.

Once again, please accept our best wishes on your admission to the university. We look forward to welcoming you to our community.

Sincerely,

Thomas McWhorter
